### **INSTRUCTIONS SPECIFIC TO THIS PRESCRIBED FORM:**

- k. To be awarded Rated Criteria points pursuant to Section 4.3(c) of the LT1 RFP, a Proponent is to complete and submit in the Proposal a) the main body of this Prescribed Form and b) the applicable evidence of Municipal Support Confirmation, as indicated in Section 2, from each Local Municipality with authority over the Municipal Lands.

#### **GUIDANCE FOR MUNICIPALITIES:**

The IESO is undertaking the LT1 RFP to competitively procure year-round capacity from dispatchable New Build and Eligible Expansion resources, including New Build and Eligible Expansion facilities incorporating Electricity generation and storage that (i) are registered or able to become registered in the IESO Administered Markets; (ii) larger than one (1) MW; and (iii) can deliver a continuous amount of Electricity to a connection point on a Distribution System or Transmission System during the Qualifying Hours for:

- (i) at least four (4) consecutive hours in the case of Electricity Storage Facilities; or
- (ii) at least eight (8) consecutive hours in the case of Non-Electricity Storage Facilities.

The LT1 RFP provides Proponents with the opportunity to obtain Rated Criteria Points, which will be used to more favourably position their Proposal in the LT1 RFP evaluation process. Four (4) Rated Criteria points are available for evidence of having obtained support from each Local Municipality in whose jurisdiction(s) the Long-Term Reliability Project is proposed to be located.

Should a Local Municipality wish to support a particular Long-Term Reliability Project, a group of Long-Term Reliability Projects, or one or more particular technology types, they must either pass a Municipal Support Resolution (project-specific) or a Blanket Municipal Support Resolution.

Local Municipalities are encouraged to use the template Municipal Support Resolution in Exhibit A. Should a Local Municipality wish to develop its own resolution, the resolution must:

- (A) identify:
  - (i) the Proponent;
  - (ii) the name, technology and Maximum Contract Capacity of the Long-Term Reliability Project; and

- (iii) the Municipal Lands that are subject to the authority of the Local Municipality; and
- (B) state that the Local Municipality supports the development, construction and operation of the Long-Term Reliability Project on the applicable Municipal Lands. The statement in such resolution may be qualified as being solely for the purposes of enabling the Proponent to receive Rated Criteria Points under the LT1 RFP or to satisfy its obligations under any contract awarded under the LT1 RFP, and does not supersede any applicable permits or approvals under applicable Laws and Regulations that may be required for a particular Long-Term Reliability Project.

Pursuant to the LT1 RFP, Proposals that did not receive the formal support of the local jurisdictional authorities of all the project communities in which the Long-Term Reliability Project is located in the form of a support resolution may be required under the LT1 Contract to be awarded pursuant to the LT1 RFP to submit such support resolution for compliance with its obligations.

Though the Municipal Support Confirmation may impact the rank of the Proponent's Proposal in relation to other Proposals received by the IESO, it does not guarantee a contract will be offered to the Proponent under the LT1 RFP.
