Edwardsburg/Cardinal Council

My family and business associates are 100% in favor of the proposed bylaw to allow lot severances to be reduced in the proposed zoning areas. I currently have properties in Edwardsburg/Cardinal, Prescott and several in Augusta. This country and this township is in dire need of more housing. I operate businesses with my business partners which spread from Brockville to Cornwall. We employ 100 plus people and I am convinced with more available houses on the market that this bill if passed would create i am convinced we would be able to attract top quality employees to our businesses if they have more affordable housing options. This would also allow our businesses to invest more into the communities that can support future staff housing options. As i currently reside in Edwardsburg/Cardinal Township I would like to personally invest in developing housing within the township I reside and will hopefully retire to someday.

Thank You
Ted MacMillan
