What is Digital Main Street?

- Started in 2016 as a program in Toronto.
- Expanded to BIAs across the province.
- In 2020, additional Federal and Provincial funding allowed municipalities with and without a BIA presence to receive funding.
- In South Grenville, the three municipalities partnered along with the Downtown Prescott BIA to receive Digital Main Street funding.

Digital Transformation Grant

- Small, independent businesses that were zoned consistently with your municipality's commercial core were eligible to apply.
- Businesses wishing to apply were required to complete a "Digital Assessment", undertake digital training, and complete a "Digital Transformation Plan".
- Businesses received grant of \$2500 to assist with their plan implementation.

Digital Service Squad

- Funded direct support to businesses.
- Assist, advise, and direct businesses towards solutions that meet their needs.
- Encourage digital adoption where beneficial for the business.
- Additionally advise businesses of other available business supports.
- Assist businesses with the implementation and marketing of their new digital capabilities.

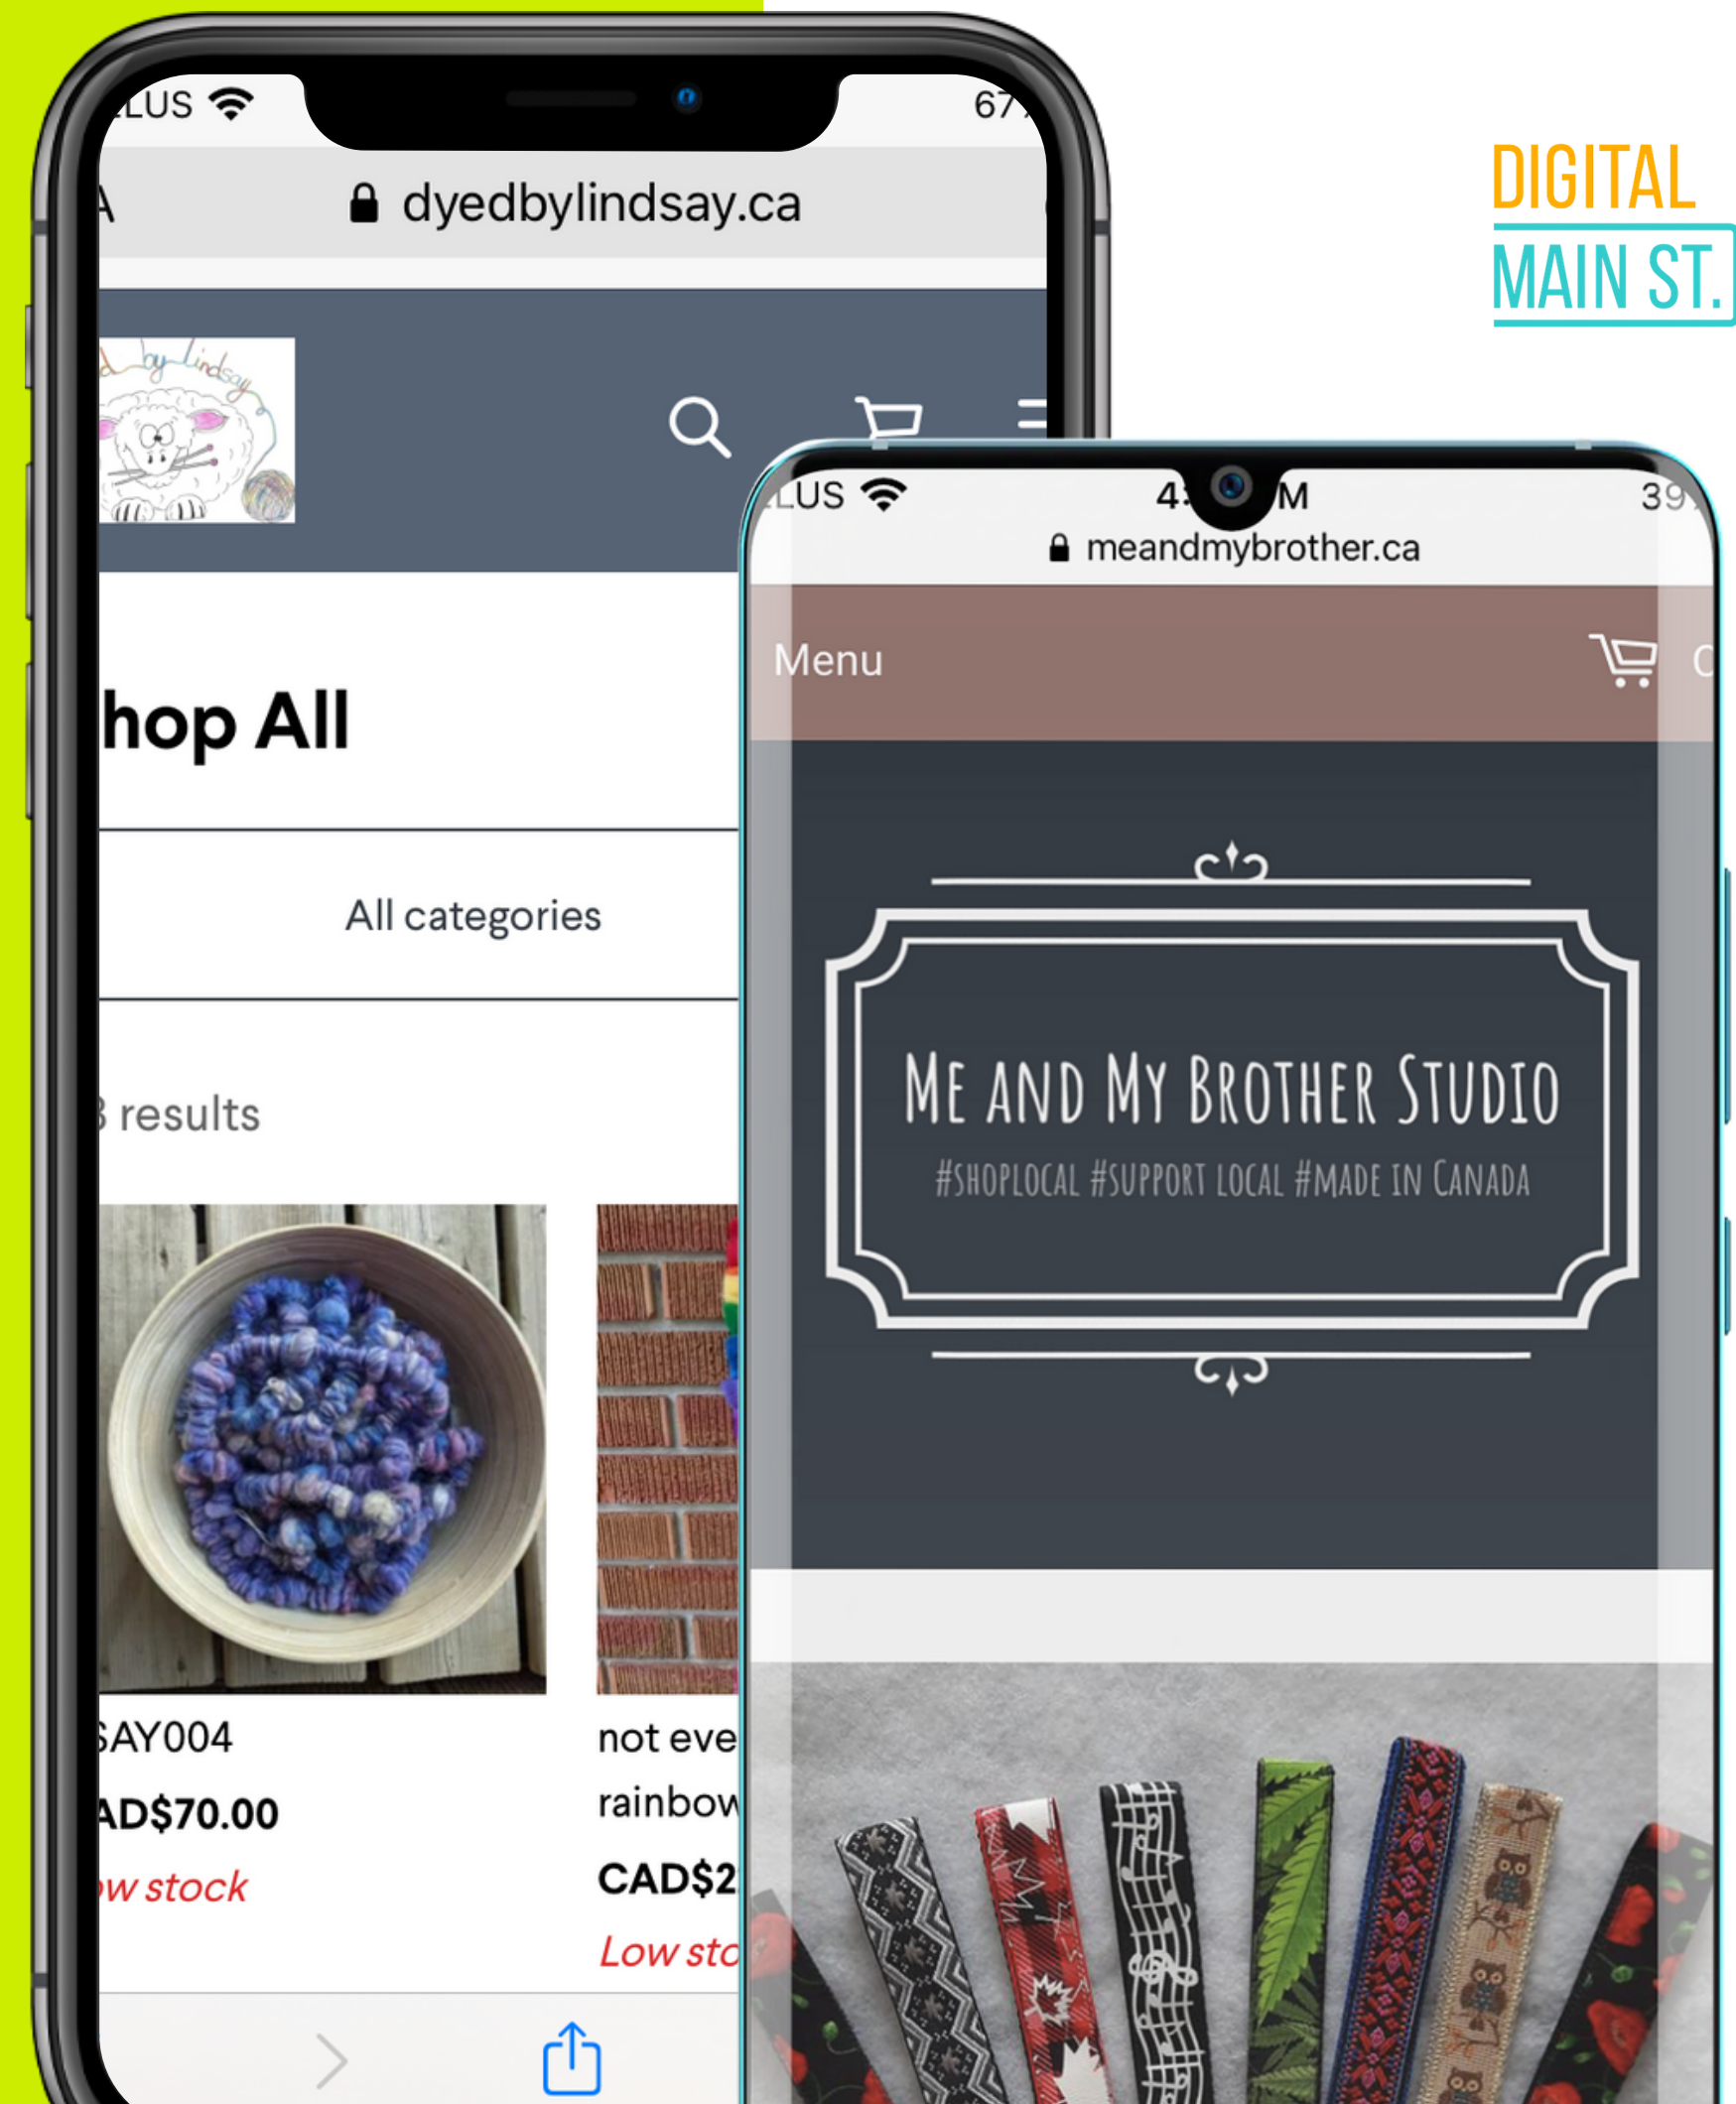

Future Proof

- Businesses are assigned a dedicated "Transformation Team."
- Works with business to develop new digital tools, branding and strategy.
- Assists businesses with "hands-on" implementation support.
- Trains businesses to continue implementation after Future Proof program.
- Leaves tailored guides and instructions for use by business in the future.

ShopHere

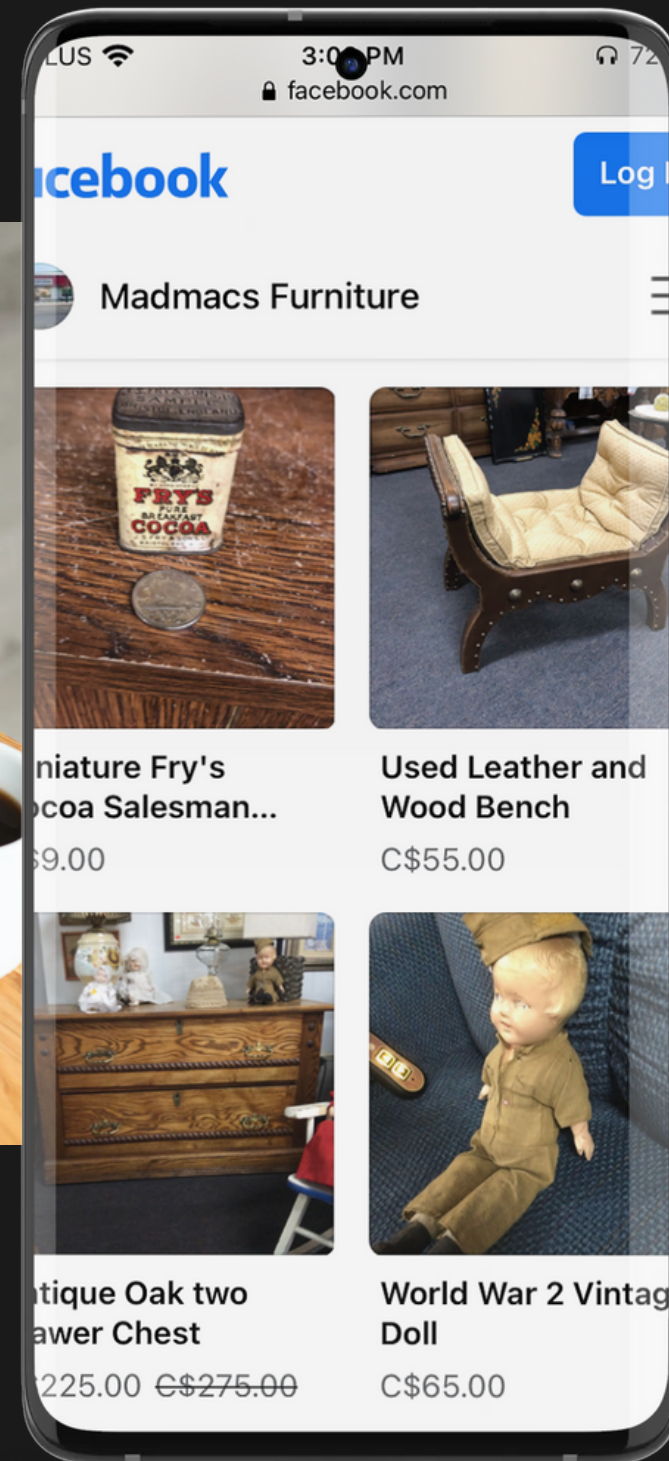

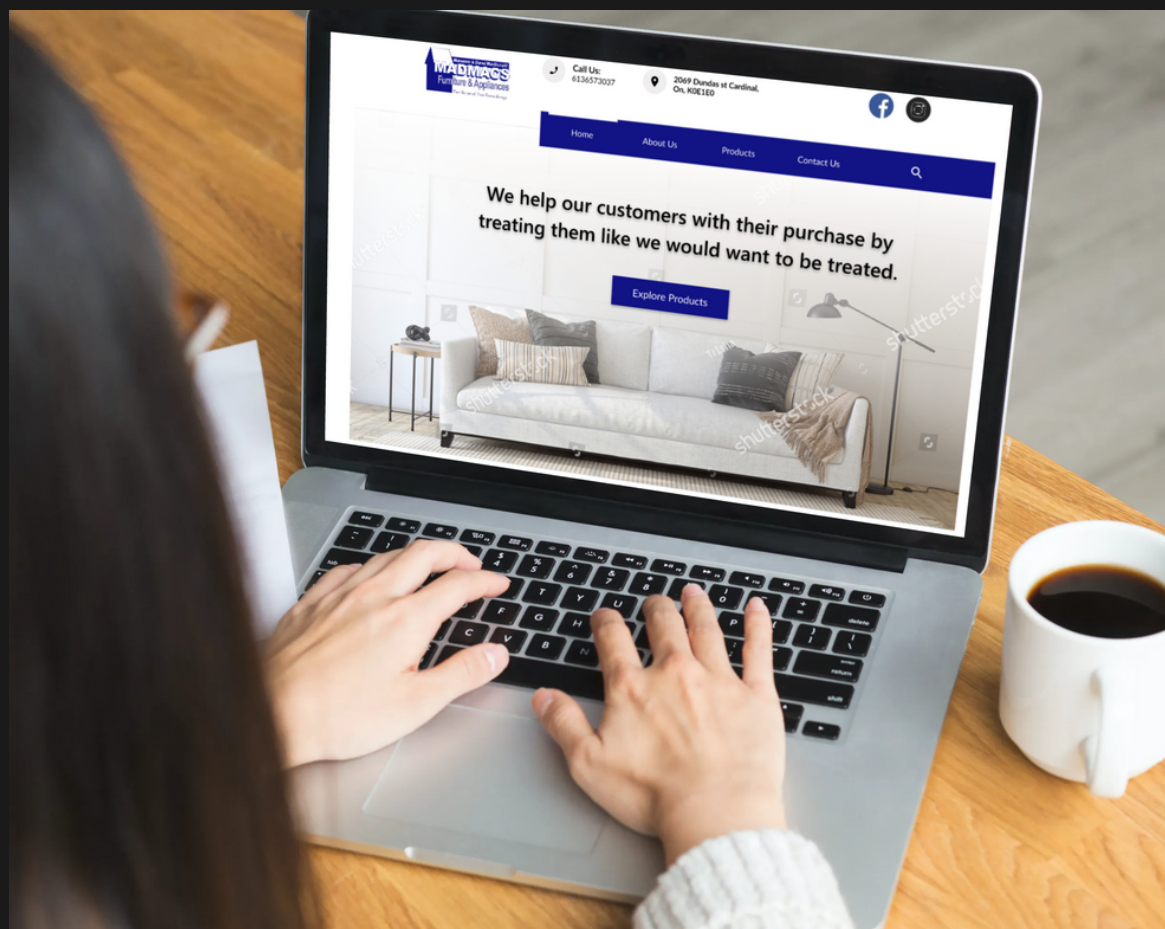

Access to support to develop a free e-Commerce Website.

- Businesses are assigned an e-Commerce Coordinator
- Coordinator provides one-on-one support to create a new website
- Business received trial period plus marketing credits.
