

## TOWNSHIP OF EDWARDSBURGH CARDINAL INFORMATION ITEM

**Committee:** Public Works, Environmental Services & Facilities

**Date:** July 19, 2021

**Department:** Fire

**Topic:** MTO Update

**Purpose:** To update Committee on MTO calls

**Background:** When the fire department responds to an emergency on a 400 series highway, the MTO is invoiced for each response. If emergency services are performed, the MTO will pay the Municipality a rate of \$488.40 per vehicle/hour for up to 3 vehicles unless the circumstances require more.

When submitting a claim to the MTO; all services performed, supplies used, and fire apparatus' purpose must be documented in detail. Only apparatus that perform a service qualify for payment. In the event that more than one fire department responds to an incident, only one claim can be made to the MTO. Upon payment from MTO, the host Municipality then distributes the funds as appropriate.

Services eligible for payment include; vehicle extrication, fire extinguishment and spill containment. Rendering First Aid, directing traffic and no service calls, i.e., a vehicle in the ditch with no injuries are examples of highway responses that do not qualify for payment.
